Welcome to DialogLink - Version 5
Revolutionize the Way You Work!

New on Dialog
Enhanced Derwent World Patents Index Now Available

The enhanced *Derwent World Patents Index*® (*DWPI*SM) (Files 350,351,352) is now available on Dialog. The improvements implemented in *DWPI* on Dialog further extend the database's rich content set and enhances overall functionality of the database.

In addition to distilled expert analysis reflected in *DWPI* expanded titles and abstracts, other enhancements include original patent filing details, multiple patent images, easy cut-and-paste patent family data, and much more.

The new templates include new features that will help you manage and distribute your *DWPI* search results in an attractive format.

Learn about all of the new DWPI enhancements and report templates at **http://www.dialog.com/dwpi**.

DialogLink 5 Release Notes
New features available in the latest release of DialogLink 5 (November 2005)

- Ability to resize images for easier incorporation into DialogLink Reports
- New settings allow users to be prompted to save Dialog search sessions in the format of their choice (Microsoft Word, RTF, PDF, HTML, or TEXT)
- Ability to set up Dialog Alerts by Chemical Structures and the addition of Index Chemicus as a structure searchable database
- Support for connections to STN Germany and STN Japan services

Fulltext Word Count: 6917

Description of the Invention:
    ...well as an acceptance indicator specified by the tags. The
  acceptance indicator is typically a **hyperlink,** such as a
  hyperlink display of a word such as **"order."** The
  information from the **active guideline** tag is kept in the
  hyperlink and made available to the **URL** router 24 in case
  the user decides to invoke the recommendation made in the clinical
  guideline. If the user invokes the recommendation made in the clinical
  guideline, the **URL** router 24 takes the embedded information from
  the **hyperlink** and places it in the **order** accumulator 26 for
  processing by the patient records system...

Specification: ...and their corresponding HTML pages, and retrieve HTML documents from this "cache" when the corresponding **hyperlink** is selected a second time. Hyperlinks that are within the Web browsers disk cache are typically given a different appearance, such as a different color, on the display screen. In **order** to prevent caching of hyperlinks and corresponding HTML documents, the present invention includes the unique identifier in each **URL**, so that a **Web browser** never finds a selected **URL** within its disk cache.

Detailed Description:

...consumers" or "users"), merchants, card issuers, and third parties. Figure 1 illustrates a typical mail **order**/telephone **order** , i.e., "MOTO", transaction

10, which transaction, as the name implies, is common with mail **order**,
telephone **order**, and, heretofore, e-commerce businesses. MOTO
transactions 10 are characterized by the absence of a...manner that is well known to those of ordinary skill in the aft.
Using a **Web browser** -- software for which is
downloaded into the consumer's microprocessor, consumers request a
specific merchant...interested in visiting, the
consumer manifests that intent either by manually typing in the desired **URL**
or, more commonly, simply by clicking a button, which comprises a
hyperlink, that is provided in the brief description of the hit's Web site. The **hyperlink** already contains the Web
site's **URL**, so consumers do not have to
manually input the desired **URL**. A universal protocol function causes the
consumer's **Web browser** to download that Web site.

For example, inputting a merchant's URL Web page address
